HARRY REDKNAPP - Manager

Good afternoon and welcome to what I am sure will be an entertaining fixture if our last three home games are anything to go by.

Today we complete the recent run of entertaining the top three sides as we welcome Phil Neal and his Bolton players, supporters and officials to Dean Court.

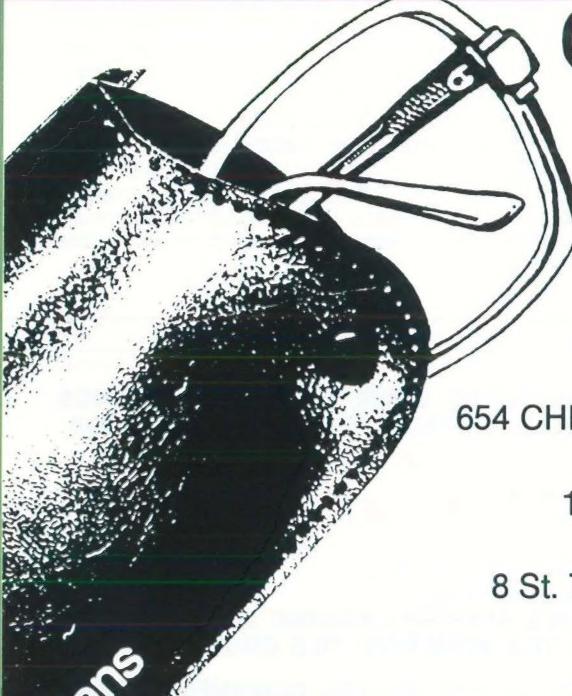

Last Sunday Bolton strengthened their position near the top with a 3-1 home win over Birmingham and will no doubt provide tough opposition this afternoon.

Last Saturday we came away from Leyton Orient disappointed at not taking at least a point from a game which we had the better of.

We had a number of scoring opportunities, but what we have to do now is to convert those chances into goals. Your support on the day was most encouraging and on behalf of the team I would like to thank all those who travelled, now as we enter the final month of the season your support is so important to help us through, let's stick together now and help each other.

Finally, I would like to end my notes by giving a mention to our trainer John 'Captain' Kirk, a goalkeeper in his day and once with Bolton in the 1940s. 'Captain' who has served AFCB for almost 30 years has unfortunately not been with us since December when his wife Phyllis had a heart attack.

Thankfully, Phyllis is steadily recovering and hopefully John it will not be too long before you are back with us.

DARREN O'SULLIVAN - Editor

Turning the clock forward a few years from now would I'm sure paint an interesting picture of the football industry, would the new English Premier League have been a success? Would Wimbledon, Oxford & co. be over the moon with their all seater stadiums? Has England won the bid to stage the 1998 World Cup? And so the questions go on raising interesting points.

The last decade or so has brought so many changes, it made the other 92 years of Football League existence seem like idle years, although in 1958 there was the bold move to finish the regionalised Third Divisions. This had

clubs desperately hurrying to a final position in the top twelve in either the South or North League to avoid a drop into the newly introduced Fourth Division.

It does not seem all that long ago when Coventry City were not allowed to be shown on television because they had the car company Talbot on their shirts, now, like most trends, everyone has one, including your local Under 15's who play on a Sunday morning, probably advertising the local plumber or garage on their shirts. Not that advertising and sponsorship is a bad thing, hardly, for some clubs it has been a saviour and in general has created a massive income throughout the game.

It does seem strange that all these enterprising schemes have really taken off in the last few years, you only need to watch a video of the famous 1966 World Cup Final and immediately you notice there is not one advertising board at the ground, now Wembley probably has a waiting list for the space, which is the likely reason for these automatic revolving boards that display a brand name for 10 seconds or so and then change over to the next and so on.

For next season the AFCB Commercial Department are to launch a different kind of player sponsorship, instead of one player to one sponsor as a complete package, each player will be divided into sections, i.e. sponsoring his shoelaces, ideal for the younger fans, sponsoring the shirt, etc., etc., the response to the new idea will be interesting.

No doubt 'PFA Young Player of the Year' Lee Sharpe was quite happy with the recent agreement of a money spinning deal with a certain boot company. All a far cry from the days of Arsenal's Denis Compton advertising Brylcream, I wonder how much he got for that?

TONY PULIS – First Team Coach

Last Saturday we travelled to Leyton Orient with a lot of confidence after the good performance against Grimsby, the game in general was spoilt by a hard pitch and gale force winds.

Having said that I felt that we were the better team on the day, yet we finished 2–0 losers.

Both goals were conceded from long throw-in's, which is where we let ourselves down on set pieces.

This is something we have talked about and worked on, every player has a job to do, both Harry and myself set the responsibilities and we expect to see each individual see the job out.

Those duties were not undertaken at Leyton Orient, and as a result it cost us dearly.

However, despite this setback we have to bounce back again and prove that we are a team capable of promotion.

Bolton provide the first test in what will be a difficult seven match run in, hopefully we can start on the right note.

KEVIN BOND – Captain

It appears, judging from the last couple of games, and many of the performances of the season, that we seem to have difficulty in taking points off teams we should beat on paper and defeating promotion chasing teams, I just hope the latter applies this afternoon when we take on a fast improving Bolton side.

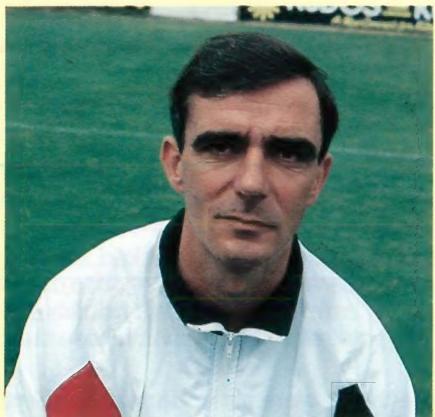

The Grimsby result was a marvellous one, unfortunately though we could not follow that up with anything to show for at Leyton Orient. The strong winds were to our advantage in the first half at the London ground, but we failed to make full use of that fact by not playing the ball forward enough.

Then in the second half we played a lot better, creating more opportunities and were unlucky when Alec's shot hit the underside of the bar.

In the end we allowed them the three points, something Orient I have to say did not deserve.

Some games go like that, defeat is not so bad when you can follow it up with a win, the next six games are vital.

TERRY SHANAHAN
Assistant Manager

There has been a tremendous amount of activity on all fronts of the youth set-up recently. Firstly, we began with the very successful Easter Soccer School Week which was again well attended by over 100. This was followed by a week of Y.T.S. Trials, both weeks were a success in that three younger boys from the club's E.S.S. are to be invited to train at our Centre of Excellence.

The same also goes for the Trial Week as three lads have been invited for an extended period of training with the Youth Team with a view to being offered a Y.T. place at the club.

A lot of time and effort went into both weeks where I was assisted by Stuart Morgan, our thanks also go to Bob Walker and Norman Deedman for their continued help.

Many clubs do not hold such trials, for a club like AFCB it is important we can produce some home grown players, already we have had Matthew Holmes along with a number of younger players introduced via this system.

Hopefully there are many more on the way.

TONY BILES - Broadcaster

Last month a man passed away who in his life probably gave much more back to the World of Sport than he ever took out of it. His name R.J.O. Meyer.

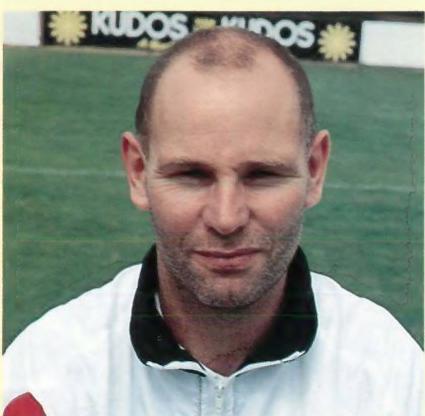

It's a name which won't mean much to many in the younger generation so perhaps his times are worth placing on record. Jack Meyer was the man who founded Millfield School in Somerset and became its Headmaster. The School became a veritable fountain of blossoming Sportsmen and Women. Names such as David Hemery (Athletics), Mary Bignal Rand (Athletics), Mike Sangster (Tennis), Brian Barnes (Golf), Duncan Goodhew (Swimming) and Gareth Edwards (Rugby Union) all emanated from Millfield's influence.

Should one suppose that Sport took priority over Education, one would only have to take a glance at the number of "Oxburgh" scholarships gained by the School. A member of Staff at one time was David Cornwell and if you haven't heard of him, it's perhaps worth mentioning his pen-name was John Le Carre.

But what of the man himself . . . R.J.O. Meyer won his blue at Racquets whilst at Cambridge and was a prominent member of the Oxford and Cambridge Golfing Society. Perhaps he really made his mark in Cricket however. He was a blue in each of his three years at Cambridge and later became an all rounder with Somerset, once scoring a double century against Lancashire and had bowling figures of 5 - 66 on one occasion in a representative match against The Australians . . . That I might add included the wicket of Sir Donald Bradman . . . He went on to Skipper Somerset and then to found the School which in its turn has contributed so much to "Sport".

The School may not have turned out too many Soccer players of note but in a period where we see daily the decrease of organised team sport in many of our schools through either lack of time, of availability of pitches and worse, lack of interest, what a pity there aren't a few men and women of Jack Meyer's stature around today.

JOHN DICKENS - Physiotherapist

In the last week or so a couple of players have had their operations, Denny Mundee has gone in for a hernia repair while Shaun Brooks is recovering well after a knee operation.

Achilles tendon long term injury victim John Williams is steadily improving and hopes to begin training in a couple of weeks.

David Coleman is also on the verge of resuming training after recovering from a thigh strain, Efan Ekoku is slowly improving after yet another ankle injury. Finally with the First Team Peter Shearer is awaiting to see a specialist regarding his knee.

Of the Youth Team there are no casualties, both Scott Mean and Ender Zumrutel, recently sidelined through injury, have returned to the side.

JULIAN DARBY

A former trainee, now the 23 year old should complete 200 League appearances for Bolton before the end of the season.

TONY PHILLISKIRK

A £50,000 purchase from Preston in the summer of 1989, the 26 year old striker looks set to become Bolton's leading scorer again.

MEET THE MANAGER – PHIL NEAL

In October 1974 Phil Neal made a dream move and one that proved to be so successful, after six years at Northampton where he began as an apprentice, this defender joined Liverpool whose manager then, Bill Shankly, paid out £65,000 for his services.

Phil then went on to collect numerous honours during his eleven year career at Anfield, seven League championships, four Football League Cup, Four European Cup, U.E.F.A. Cup and Super Cup Medals. In December 1985 he was appointed Bolton's player manager, in 1987 the club were relegated to Division Four but won promotion at the first attempt.

In 1989 Neal took his side to Wembley where they defeated Torquay in the Sherpa Van Trophy. Last season nearly resulted in a promotion success but wanderers lost 3–1 on aggregate in the play-off semi-finals. This season they will be hoping for automatic promotion.

Neal, 40 years old, played his last game for Bolton in November 1989, his only outing last season, coming on as a substitute during the League Cup Third Round Replay at Swindon.

Phil's career record is as follows: England: 50 Caps. Northampton Town: 1968–74 186 League Appearances. Liverpool: 1974–85 455 League Appearances. Bolton Wanderers: 1985–1991 66 League Appearances.

NOWADAYS

ON THE PITCH

DAVID FELGATE (Goalkeeper)

31 years old, originally began his career with Bolton in 1978, but was unable to make the First Team. Apart from lengthy loan spells with Rochdale, Crew and Grimsby, the Welshman made over 200 First Team appearances for Lincoln City.

Having joined Bolton in February 1987, he has since passed that number for the club.

PHIL BROWN (Defender)

Team Captain, arrived in the summer of 1988 from Halifax Town costing £17,000 and has since not missed a single game. 34 years old next month, made over 200 League appearances for Hartlepool, his first club, between 1978 and 1985. 135 League outings followed with Halifax before moving to Blundell Park.

BARRY COWDRILL (Defender/Midfield)

Birmingham born, served non-League Sutton Coldfield then turned professional with West Bromwich Albion in April 1979. Appeared almost 150 times for the 'Baggies' until a free transfer took him to Lancashire in April 1988. An established First Team, missed only a couple of games last season, 34 years old.

MARK PATTERSON (Midfield)

Joined Bolton in January costing £65,000 from Bury, the 25 year old has served two other Lancashire clubs, began with Blackburn as an apprentice in 1983 completing just over 100 outings in a five year spell before a £20,000 move to Preston.

Scored 19 League goals in 54 starts for North End, noticed by Bury who paid £80,000 for his services just over a year ago.

MARK SEAGRAVES (Defender/Midfield)

Another addition to the line-up this season, the 24 year old joined Bolton at the end of September from Manchester City costing £100,000.

Previously made 42 League outings for the 'Blues', originally began his trade with Liverpool, unable to make the First Team there, gained experience with Norwich while on loan, 24 years old.

MARK WINSTANLEY (Defender)

23 years old, has progressed through to the First Team from starting out as a trainee. Missed only three games last season, absent from as many this term.

SCOTT GREEN (Midfield)

Also a former trainee now becoming a regular First Team player, enjoyed his first run of League action towards the end of last season, starting six games including the play-offs, the 21 year old also netted two important goals in the process. A regular in the side this season.

STEVE THOMPSON (Midfield)

26 years old, the club's longest serving player, made his League debut for Bolton in 1982 and has since appeared in over 300 League games, the Oldham born player has only missed the match with Tranmere this season in December.

DAVID REEVES (Forward)

Began his career with Sheffield Wednesday following a spell in non-League football. During his three years at Hillsborough he managed only 17 League appearances, did have successful loan spells with Scunthorpe and Burnley, before Bolton paid out £80,000 in August 1989. 23 years old, missed five games in his first season, scoring 6 League goals.

TONY PHILLISKIRK (Forward)

Last season was also his first with the 'Trotters' and a successful one it proved, ever present in all but one League game and leading scorer with 24 goals in total, making his £50,000 transfer from Preston value for money.

Made his League debut for Sheffield United where he started 62 League games and scored 20, later had brief spells with Rotherham and Oldham before joining Preston in February 1989, 26 years old.

JULIAN DARBY (Midfield)

Bolton born and bred, the 22 year old joined his home club as a trainee in 1986 and has since made over 180 League appearances, a figure boosted by being ever present in last season's campaign.

PAUL COMSTIVE (Midfield)

Unable to command a regular first team place, the 29 year old joined Bolton in September 1989 from Burnley, where in a two year spell he remained a First Team regular. In 1979 he joined his first club, Blackburn Rovers, four years later joined Wigan then settled the following season at Wrexham. For the Welsh club he was just one short of completing 100 League appearances until signing for Burnley.

STUART STORER (Forward)

Joined Bolton in January 1988 from Everton costing £25,000. The 24 year old began his career with Mansfield before joining Birmingham City. Has made over 50 League appearances for the 'Wanderers'.

THE FOOTBALL TRUST

Helping the game

"Already, CCTV has had a major impact on the hooligan problem inside football grounds as well as proving extremely useful to monitor safety measures. If any trouble appears on the screen or is reported from any quarter of the ground, the CCTV can zoom in on the incident. The police can then record what occurs on colour video and on hard copy prints. Individuals can be picked out by facial appearance and the colour of their clothing. The evidential effect of such a video recording has proved formidable. It has persuaded hooligans, who would previously have sought to challenge oral evidence of identification, to plead guilty. Hooligans know cameras are keeping a roving watch and their activities in the ground are inhibited by that knowledge."

Lord Justice Taylor in his Final Report into the Hillsborough Stadium Disaster.

All major League grounds in Britain are equipped with CCTV funded by The Football Trust.

NEWS IN BRIEF...

DEALS ARE DOWN

Transfer dealings nosedived by nearly £20 million during the past year, according to deadline day Football League statistics. The total cash spent on players during the last twelve months was £52.5 million, well down on the £71.8 million spent in the previous year. A F.L. spokesman commented "the transfer market is so much quieter because clubs are putting money into ground improvements following the Taylor Report."

P.F.A. AWARD WINNERS OF 1991

The awards, which are supported by League sponsors Barclays Bank, are nominated by ballot amongst the three thousand strong membership of the Professional Footballers Association.

Players' Player of the Year went to Welsh striker Mark Hughes, with his Manchester United team-mate Lee Sharpe taking the Young Player of the Year Award. Mark Hughes becomes the first player in the eighteen year history of the awards to pull off the double as the Players' Player of the Year. The P.F.A. Merit Award for Outstanding Service to Football went to Tommy Hutchison, who at the age of 43, has just left Swansea City after a 23-year career in the professional game.

WORLD CUP BID

Six countries including England have confirmed bids for the 1998 World Cup ahead of last Saturday's deadline. FIFA said England, Brazil, France, India, Morocco and Switzerland had confirmed they want to stage the event. FIFA spokesman Miguel Galan said confirmation or withdrawal was awaited from Chile and Nigeria, it is also believed that Portugal sent in a late application.

PREMIER PLANS

Plans to replace the First Division with a new Premier League next season are to be discussed by the Football Association Council. The plan, to be put before the F.A., would create a new top flight of 18 clubs. Teams would be included on merit and the F.A. would take control in the 1992-93 season if approved. Teams would be promoted from Division Two to the Premier, while promotion and relegation would still exist in the lower Divisions under the new plans.

COMING NEXT

CAMBRIDGE UNITED

Tuesday 16th April 1991 Kick-Off 7.45pm

Former AFCB midfielder John Beck has brought much success to the University City in the 16 months he has been manager. Last season and this, the club have enjoyed good F.A. Cup runs which has rewarded United very nicely financially.

Their final game last season, the 65th incidentally, was played at Wembley in the Fourth Division Play-off Final, Dion Dublin netting the winner against Chesterfield which took his side back into the Third after 5 years.

How would they cope in their return? Well, hopes are high of promotion again, whether it be automatic or play-offs, one advantage being the games in hand caused by the F.A. Cup.

Cambridge have had a tough programme recently, taking on three of the top four, losing 2-0 at Tranmere, winning 2-1 at home to Bolton then last Saturday losing to a penalty at Grimsby.

NEXT AWAY

CREWE ALEXANDRA

Tuesday 23rd April 1991 Kick-Off 7.45pm

Ironically the only side to do the 'double' over Cambridge this season, winning 3-1 at home and pulling off a stunning 4-3 success at the Abbey Stadium.

But poor results in the last couple of months have sent Crewe into the relegation pack, last Saturday's single goal defeat at Brentford left the 'Railwaymen' occupying bottom place. Previously they had held Leyton Orient to a 3-3 home draw, some consolation for losing 5-1 at Preston the week before.

Manager Dario Gradi, eight years in charge at Gresty Road, is on a 10 year contract, he after all took the club out of Division Four in 1989 following 20 years in that League, now he has a task to prevent the return.

IN QUESTION

RICHARD COOKE

RICHARD COOKE

Over the years there have been a fair number of players who have been with AFCB, moved on to another club and then returned to Dean Court. Among the recent ones the list includes Roger Brown, Tom Heffernan and I suppose you could add Harry, Terry, Tony and Stuart of the present 'Cherries' management.

25 year old Richard Cooke, however, has returned to resume a career and put behind him a two year nightmare with Luton who he left AFCB for in a £125,000 deal during March 1989.

The other week during his home debut against Grimsby, it probably came as no surprise to Richard when he scored as he did the same for AFCB in his 1987 debut, then a few years earlier on his Tottenham and League debut, and also for Luton on his first full appearance.

During your stay at Luton you also scored on your first full appearance at home on Boxing Day 1989, why were you not considered before then?

It was not until after I signed for Luton when Ray Harford, the manager, told me that my chances of First Team football would be limited, and so they were. I only wish I'd known

this before signing, but that is how the game changes, originally I saw this as a good opportunity to further my career and play First Division football, an ambition of every professional.

Nine months after signing my chance came when Nottingham Forest were the visitors, Ray decided to change the playing system due to a recent run of poor results, Danny Wilson was also out through injury and so I started my first game for the club.

Then, eight minutes from time trailing to a Steve Hodge goal I netted the equaliser.

I was put in the starting line-up for the next match at home to Chelsea who ran out 3-0 winners, coincidentally my next and last full game for Luton was at Chelsea on April 7th 1990 when losing 1-0.

Has being out of the First Team for so long left you below usual match fitness?

Yes it has, playing in the Reserves is not the same as the First Team, the importance is there to prove yourself but the atmosphere, pressure, etc., is much different and you do not get the same buzz. To be honest I am not 100% match fit at the moment, but with every game I play I am feeling a lot better and I just hope it will keep on getting better.

Now I am just so glad to be in contention for a First Team place, it is up to me to continue working hard and proving I am worth a regular place.

Looking back on a few weeks ago I was just hoping that someone would come in for me before the transfer deadline, earlier in the season I knew Harry had put an offer in which Luton refused, I had not realised that 'H' was still interested in me, and when given the news I just could not wait to come back.

The Grimsby match went reasonably well for me, scoring the goal meant so much and it has given me a strong platform to build on.

It is great to be back with my old mates and seeing a few new faces settling in, hopefully we will have something to celebrate again as I did in my first season here.

IN QUESTION

Richard made his first AFCB debut in January 1987 for the home game against Notts County, ironically he scored then, opening the way for a 3 – 0 win. A £27,500 fee was paid to bring you south from Tottenham where you no doubt have many memories?

Supporting Spurs as a boy, because I come from North London, and then later playing for them was naturally a dream come true.

My ambition had always been to become a professional footballer, at the age of 12 I started out playing for Enfield Youth where I was spotted by a Tottenham scout, and that is how it all started. I progressed through the Youth and Reserve teams to the Senior side, at the age of 17 I made my Spurs debut away to Luton of all places.

I also won personal Honours, winning five England Youth Caps and in 1986 playing for the Under-21's against Denmark in Copenhagen, a side then consisting of the likes of Des Walker and Tony Adams.

Apart from making 11 League appearances for Tottenham, I also went on loan to Birmingham City just after the start of the 1986/87 season, the move would have become a permanent one had City offered the asking price, instead I returned to White Hart Lane, three months before originally joining AFCB.

It is not until you come out of the First Division when you miss playing at all the superb grounds. I am pleased to see that for next season Luton are considering lifting the ban on away fans, it is a rule I don't think should have been introduced, even though it was a result of the Millwall riot. For a First Division club Luton have small support, no doubt they have missed the extra revenue.

Obviously, Richard, you are glad to be back in Bournemouth, how does your wife Jackie feel about the move south again?

Thankfully Jackie loves the area, she did not want to leave in the first place. Our daughter Jacey is now 2½ years old, we both know it is a nice area for her to grow up in.

At the moment we are staying in a local hotel, our flat which we had before in Boscombe is being rented out until July when we shall then move back in.

Now all I am looking forward to is happiness and success again with AFCB, and to keep on playing as many First Team games as possible.

As for the future I have no ideas at all, although being a jockey has crossed my mind and then I can ride Harry's horse in the Grand National!

CHERRIES HIT WANDERERS FOR FOUR

SATURDAY 16th MARCH 1985
AFC BOURNEMOUTH 4-0 BOLTON WANDERERS

Maximum points from the next four games is the target being set for AFC Bournemouth players by their manager Harry Redknapp.

The Cherries, their morale getting a further fillip by their four-goal form at Dean Court on Saturday, are clinging tenaciously to their Third Division promotion hopes.

Manager Redknapp readily acknowledges that reaching a top-three spot is an unlikely achievement by a side currently occupying eighth position in the league table.

But he also makes the point: "It is not impossible, and we must keep pegging away, right to the end of the season."

And Redknapp sounded a warning for the former Bournemouth boss John Benson, now manager of Burnley. The Cherries' next fixture is at Turf Moor this weekend, and it could become the most crucial of the games yet to come.

CONFIDENCE BACK

"We'll be having a real go when we play at Burnley," says the AFC manager. "Our confidence has returned with the goals we have been scoring in the last couple of matches."

"Of course we have got to win most of our remaining games if we are to get back into the promotion reckoning."

"That will mean improving considerably on our away record. But we must have a chance against Burnley, who have not been going too well. If we get three points there it could make all the difference."

A total of seven goals from the last two games has provided encouragement. This was the perfect way to come out of a sticky patch which lasted five games and undermined the promotion prospects.

NOT GIVING UP

But there are 11 more league games to go and manager Redknapp and his men declare: "We are not giving up the battle!"

Ian Thompson, one of Saturday's goalgetters said: "It's up to us. It will be difficult, but the chance has not gone. All we need are another eight or nine wins!"

There was a further injury blow to Bournemouth when Gary Howlett went off with knee ligament damage early in the Bolton match.

He is likely to be ruled out for a couple of weeks - but Chris Sulley is on the verge of a comeback after a groin injury.

Midfielder Howlett had just received attention from trainer John Kirk - whose soccer career began at Bolton - when the Cherries went ahead in the 15th minute.

The goal came from another player who had suffered injury problems this season. Defender Phil Brignull, who has just returned to the side after a long lay-off, headed in as Mark Nightingale crossed from the right and Thompson played the ball back into the middle.

Howlett's attempts to continue were in vain. He withdrew and substitute Milton Graham immediately helped to set up a second goal.

With his first touch of the ball Graham provided the pass which put Thompson in position to shoot past Simon Farnworth.

But the Bournemouth forward said later: "The keeper made it easy for me."

Indeed Farnworth had an unhappy time behind a defence who offered him poor protection. In all, the Bolton keeper picked the ball out of the net seven times - but three of these efforts were disallowed for infringements.

IMPRESSIVE DISPLAY

Yet the home side produced enough genuine goals to make this another impressive home display.

In the corresponding fixture last season Bolton came back from 2-0 down to take a point in a 2-2 draw.

Such a recovery this time remained a remote possibility - until the 39th minute when Billy Rafferty scored his 12th goal of the season.

Bolton possess the worst away record in the Canon League, and there was no way in which they could now avoid their 15th defeat in 16 trips.

Even a consolation goal eluded them when Wayne Foster headed past the post from close range.

CELEBRATION

After 70 minutes the Cherries struck again with the goal of the game. Sean O'Driscoll staged his own style of St Patrick's Day celebration by scoring his first of the season.

The Eire international displayed his considerable pace as he took a return from Rafferty and raced almost half the length of the field to stretch the margin to four goals.

That equalled Bournemouth's biggest win of the season and took their league tally to 40 goals.

AFC Bournemouth: Smeulers, Nightingale, Savage, Beck, Brignull, Howlett, O'Driscoll, Russell, Rafferty, Ian Thompson, Morrell. Sub: Graham (for Howlett, 16 min).

THE YEAR WHEN...

THE SEASON 1984/85

Harry Redknapp did not make many changes to the side during the summer of 1984 when the previous season ended with victory at Hull in the Associate Members Cup Final. One addition to the regular line-up was Colin Russell, a forward brought in from Huddersfield, also secured permanently was Sean O'Driscoll who impressed during a loan spell in the closing stages of the previous season. The 1984/85 campaign successfully opened with a 1-0 win over Derby County, back in Division Three for the first time since 1957.

The next home League game saw Rotherham beaten by a Billy Rafferty hat-trick, AFCB failed to win any of the next eight League outings, then seven victories from nine games up until Christmas lifted the side into the promotion zone.

Inconsistent away form spoilt impressive home performances highlighted by good wins over Bolton, Walsall and eventual champions Bradford City.

For the last game of the season against Newport County a few of the Reserves were included, Billy Clark, Chris Shaw and Steve Claridge, the latter scoring his first League goal during a 3-0 win to put the 'Cherries' into a final position of tenth.

The season again included an F.A. Cup marathon, five games played, replays though needed in the first two rounds against non-League opposition before Manchester United made amends for the upset of a year ago.

MEMORABILIA

A FAMOUS WANDERER

Like many Lancashire clubs, Bolton have a proud list of Honours, not only in League competitions but in the Cup. In 1989 they won the Sherpa Van Trophy at Wembley where 31 years earlier Wanderers defeated Manchester United 2–0 in the 1958 Cup Final, both goals scored by **NAT LOFTHOUSE** who is pictured above receiving the Cup from the Duke of Edinburgh.

Lofthouse, a centre-forward, remains Bolton's most Capped player with 33 for England and the club's record goalscorer, 255 League goals in 452 games. He served the Wanderers, his one and only club, between 1942 when turning pro and 1961. Seven years later Nat became their manager for a couple of years then returned again in 1971 to take charge briefly before Jimmy Armfield was appointed.

AFCB ALPHABETICALLY

SULLEY, CHRIS

Born in Camberwell, London, December 1959, the defender began his career with Chelsea as an apprentice but was unable to develop into a First Team player.

In March 1981 AFCB manager David Webb brought Sulley to replace Phil Ferns who joined Charlton, the following season he appeared in every game as the 'Cherries' won promotion.

In fact Sulley remained ever present for three successive seasons, the first player to achieve this feat since 'keeper David Best during the 1960s. The first outing he missed was for the visit of Bristol City in December 1984 having picked up an injury the previous week during an F.A. Cup Tie.

Sulley proved to be a favourite with managers Don Megson and Harry Redknapp. In total he made 205 League appearances plus one as substitute before leaving in the summer of 1986 to go north of the border and joining Dundee United for £15,000.

His stay in Scotland did not prove to be very successful and the following year he joined Blackburn Rovers, his present club, for the same fee.

Chris did not play in Rovers' full Members Cup Final victory over Charlton at Wembley but immediately figured in League games. Since then he has made over 100 League appearances, a limited number due to injuries which has again ruined this season for the 31 year old.

THOMPSON, IAN

Born in Dartford, June 1958, Ian turned full-time professional in the summer of 1983, leaving

Sulley - over 200 League outings for the 'Cherries'.

Salisbury City to join AFCB instead of Manchester City who showed much interest in the striker.

The £16,000 purchase of 'Tommo' came during a busy period of coming and goings, a couple of months later Harry Redknapp became manager replacing Don Megson. Ian, however, could not have wished for a better debut season. His first League goal came on October 8th against Plymouth, after that they hit the net quite regularly, in 42 starts he struck 12 times making him the second leading League goalscorer. His goal of the season, and probably of his career, was scoring the second in that memorable FA Cup win over Manchester United.

As his first season came to an end, a number of First Division clubs were keen to sign the highly rated player but 'Tommo', to the delight of AFCB fans, decided to stay.

'Tommo' celebrates scoring against Bolton in March 1985.

He continued being a popular player, in total making 121 League appearances, scoring 30 League goals. Sadly a pelvic injury brought his AFCB career to an end in August 1986, a year later Ian joined Newport County for whom he played ten League games during their last League season.

These days Ian, 32, is back in the profession as a school teacher in Wales, where he also plays for Conference side Merthyr Tydfil. Last season he was their leading scorer with 16 League goals, while missing only a couple of games.

Ian began this season scoring regularly, but unfortunately a broken right leg suffered in December has ruled him out until next season, our best wishes go to 'Tommo'.
